Hi Arlene, thanks for your reply. I do have a couple more questions.

PO# E463576

00591562101 – 2MG, I will reduce to 36 with the explanation the 136 was entered in error.

00591561901 – 5MG, your reply states to reduce from 28 to 24, but the order quantity is 48. I came up with an average of about 90 for the this product and with the current order of 48; your current MTD is 96, which is only a slight increase. I don't think a reduction is necessary if you need the product, is there a specific reason for the slight increase?  
Keep at 48

PO# E463563

00591561901 – 5MG, I came up with the same monthly average as you ~56/month. Current order is 96, a reduction to 72 will not release the product, I would still need a reason for the increase, even with a reduction or cancellation we would ask for a reason for the reduction or cancellation. We merged with Henry Schein vet and NLS and thus have increased sales due to the merger.

Below are questions that may help to explain the increases:

New Customer? If so, please give the name and state of the new customer.

Promotion? If so, what is the timeline of the promotion?

New Contract? If so, please give the name and state of the customer who has been awarded the new contract.

Other Reasons? If so, please give a detailed explanation.

Thanks,

Larry

On PO # E463576 I only wanted 36 of item # 00591562101 DIAZEPAM 2MG TAB 100. Please reduce this from 136 to 36. You can also reduce item # 00591561901 DIAZEPAM 5MG TAB 100 from 28 to 24.

On PO # E463563 I only have 20 on the floor at this time and my monthly usage is 56. If it would make it release, then please reduce to 72.
